November 2023

This Term's News

Dear Parents/Carers,

Thank you for your support throughout the first term of P6.

It is startling to think that three months have already past and that soon, Christmas will be upon us.

I wanted to take the time to update you with a few important messages.

Numeracy

We are consolidating our understanding of how to order calculations differently using brackets and will shortly be learning about the order of operations.

As we approach December, the children's learning in numeracy will move towards fractions, decimals and percentages.

Literacy

After a busy week of assessments, the children have been organised into the appropriate reading groups for this term and are enjoying a range of suitably challenging texts.

We will move from descriptive writing to a more creative form of narrative writing, focussing on a mix of poetry and traditional prose.

Our listening and talking lessons are still drip fed throughout other aspects of the curriculum.

Important Dates

15.11.23 – Parents Consultations

22.11.23 – Mental Health Workshops (Optional)

24.11.23 – STEM Day

Health & Wellbeing

Please be mindful of the worsening conditions on PE days, as we have to move our outdoor slot (Wednesday) indoors in instances of bad weather.

It has come to my attention that a few children are not bringing an appropriate **change** of clothes or shoes for PE. If your child is unable to source suitable clothing/footwear for PE, do let me know and I can make arrangements accordingly.

We will be continuing to work through the PATHS programme this year, developing strategies for managing new and familiar emotions.

IDL Topic

Scottish Wars of Independence (continued)

Christmas Celebrations (Dec Only)
