## Introduction by the Head Teacher

Canberra Primary is one of 125 primary schools throughout South Lanarkshire Council.

I would like to extend you a warm welcome to Canberra Primary School. At Canberra we pride ourselves on our nurturing, inclusive and ambitious ethos; putting our children at the heart of everything that we do. We carefully support them by focusing on their particular talents and interests, helping them develop as rounded individuals.

We continually strive to provide a wide range of exciting learning opportunities which stimulate, motivate and challenge our pupils, taking account of each child's strengths and development needs, to support them in reaching their potential.

Partnership with parents is very important to us and we are delighted that a sense of supportive community is so evident within the school. Parents are key partners in their child's learning and work closely with us to improve our curriculum and the experiences that we offer to our pupils.

South Lanarkshire Council is the fifth largest authority in Scotland. It covers the following main areas; Clydesdale in the south which features extensive rural areas, Cambuslang, Rutherglen, Blantyre and Uddingston to the north as well as the towns of East Kilbride and Hamilton.

The Council's Plan Connect sets out the Council's vision which is, "to improve the lives and prospects for everyone in South Lanarkshire".

For Education Resources this means delivering services of the highest quality as well as striving to narrow the gap. It is about continually improving the services for everyone at the same time as giving priority to children, young people, families, and communities in most need. The priorities for schools and services are set out in the Education Resources Plan which confirms the commitment to provide better learning opportunities and outcomes for children and young people. This is available at Education Resources Plan 2025/26 Education and learning - South Lanarkshire Council

For some of you this may be your first contact with our school. We hope you find the information in this handbook helpful. The handbook is intended as a guide to all parents of new pupils in session 2026-27.

Please do not hesitate to contact me if you have any problems or queries connected with your child's education.

Welcome to Canberra!

Yours sincerely

*Angela Heasman*

**Head Teacher:** Mrs A. Heasman

**Principal Teacher:** Mrs L Gourlay

**Present Roll:** 192

**Status:** Non-denominational and co-educational

**Stages covered:** Nursery to Primary 7 inclusive

Parents should note that the working capacity of the school may vary, dependent upon the number of pupils at each stage and the way in which the classes are organised.

Children come to Canberra Primary from a variety of pre-primary experiences. The school builds links with all the pre-school education establishments. This helps to ensure a smooth transition to Primary 1 and to build on the children's experiences.

If at any time you have any queries or concerns about your child's education, please contact the Head Teacher in the first instance. A meeting will be arranged at the earliest convenience.

### Enrolment during session

A telephone call to the Head Teacher is all that is required if a parent wishes to visit the school prior to enrolling a prospective new pupil.

Any parent who wishes a more detailed discussion and a tour of the school is welcome to contact the Head Teacher for an appointment at a mutually agreed time.

To enrol a pupil a guardian must apply online with the birth certificate and two letters showing proof of address e.g. utility bill, council tax statement etc.

# School Ethos

At Canberra our main aim is to ensure that our children are happy, successful and fulfilled. By helping our children to become confident, resilient and ambitious about their learning we aim to motivate them to acquire and develop the skills that they need to make the most of the opportunities offered to them now and in the future. The atmosphere in our school is happy, relaxed and supportive. We have very high standards of pupil behaviour and children are guided to make responsible choices within a positive, whole school behaviour system. Our nurturing and inclusive ethos develops the skills, confidence and abilities of all of our pupils and we take pride in the high level of care that we offer.

Providing a high quality education is possible because all members of the school community are encouraged to be lifelong learners who continually evaluate their own skills and reflect upon how to improve the experiences and learning opportunities for our children. We celebrate our pupils successes and achievements, both within and out with school and provide opportunities for them to develop a strong sense of responsibility and citizenship within and beyond school life. Pupils are rewarded for their effort and achievements increasing motivation and self esteem.

Partnership with parents is central to our success and we view the school community as an extension of the family, aiming to develop relationships in an atmosphere of trust. We have a very supportive and active Parent Council who consult on all aspects of school life.

In session 2022-23 we worked together as a school community to refresh our shared Vision, Values and Aims and these underpin every aspect of school life.

# Attendance

## Encouraging School Attendance

We believe that regular school attendance is key to raising attainment and achievement. It's a shared responsibility among parents/carers and the school to emphasise the importance of attending school.

For your convenience, school holiday dates and in-service dates can be found on the council's website: [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk).

## Absence procedures

It is important for the school to work with parents in encouraging all children to attend school. All absences from school are required by law to be recorded. Absences will normally fall under two categories – authorised or unauthorised absence.

In cases where your child is unable to attend, **parents** are asked to:

- If you know in advance of any reason why your child is likely to be absent from school, please tell someone at the school, telephone us or let us know in writing. Please give your child a note on his/her return to school, telling us the reason for absence.
- Notify the school first thing in the morning when your child is absent. Let the school know the likely date of return and keep them informed if the date changes.
- Inform the school of any change to the following-
  - Home telephone number
  - Mobile number
  - Work number
  - Emergency contact details
- If your child is late, please remind them that they must report to the office before going to class.
- Requests for your child to be absent from school to make an extended visit to relatives must be made in writing to the head teacher, detailing the reason, destination and duration of absence and arrangements for their continuing education. On these occasions the pupil will be marked as an authorised absentee in the register.

## To protect your child we will:

- Endeavour to have someone available to take messages from 8.45am
- Telephone parents of a child where no notification of absence has been received by 9.20am and 1.15pm.
- Telephone the emergency contact if parents of the child cannot be reached.
- Work with partner agencies to support families, under specific circumstances e.g. where attendance is impacting on a child's learning.

## Emergency Information

We strive to keep the school open during term-time. However, there may be instances such as severe weather or power failures that could affect the school day. In such cases, we will inform you as soon as possible through text messages and our social media channels.

## Severe Weather Protocol

In the event of severe weather like snow or heavy frost, if the school cannot open at the usual time, we will delay the start until 10 am. Notifications will be posted on social media and the council's website.

## Communication

The Council's website, [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk), will provide updates on school closures or delays including further information about the next school day.

### Things we need you to do:

- It is important for parents/carers to let the school know of any change to your mobile/home phone number and change of address.
- If for any reason, you are unsure if the school is open visit the website at [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk) or email: [education@southlanarkshire.gov.uk](mailto:education@southlanarkshire.gov.uk)

### Things we need you to do:

- It is important for parents/carers to let the school know of any change to your mobile/home telephone number and change of address.
- If for any reason, you are unsure if the school is open visit the website [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk) or email [education@southlanarkshire.gov.uk](mailto:education@southlanarkshire.gov.uk)

### Family Holidays During Term Time

Family holidays taken during school term time will be recorded as unauthorised absences in line with Scottish Government and South Lanarkshire Council policy. The school is not required to provide work during this period, and parents are asked to avoid arranging holidays that disrupt their child's learning.

Holidays during term time will be marked as unauthorised absences, except in exceptional circumstances where parents can demonstrate the inability to obtain leave during school holidays. Unexplained absences will be recorded as unauthorised.  
Encouraging School Attendance

Parents may request that their children be permitted to be absent in order to celebrate recognised religious events. Advance notice should be provided to the school when children will be absent. Appropriate requests will be granted, and the pupil noted as an authorised absentee in the register.

We believe that regular school attendance is key to raising attainment and achievement. It's a shared responsibility among parents/carers and the school to emphasise the importance of attending school. For your convenience, school holiday dates and in-service dates can be found on the council's website: [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk).

Clearly, absence with no explanation from parents will mean that the absence will be recorded as unauthorised.

In our approach to raising attainment and achievement it is recognised that attendance at school is something that should be continuously encouraged. Parents/carers, children and the school all have a part to play in encouraging and stressing the importance of attendance at school.

The school holiday dates, and in-service dates are available from the website [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk)

## 6. Parental Involvement and Parent Councils

Parents and carers play a vital role in their child's learning. Research shows that when families are involved, children do better at school and beyond. South Lanarkshire Council values parents as partners and works closely with schools to make this happen.

### Why Parental Involvement Matters

- Strong partnerships help schools understand children's needs and help parents feel informed and supported.
- Parents can reinforce learning at home, making schoolwork more meaningful and connected to everyday life
- Parental involvement can help children develop a love of learning and resilience when facing challenges
- When parents work with school and take an interest in learning, children often achieve more academically and feel more confident.

### Our Commitment

We want parents and carers to:

- Feel welcome and involved in school life.
- Be well informed about their child's learning.
- Have opportunities to support learning at home.
- Share views and take part in discussions about education.

### Parent Forum and Parent Council

- Every parent with a child at school is part of the Parent Forum.
- Each school has a Parent Council, a formal group that represents parents' views and works With the school to improve learning and experiences.

### Connect – Supporting Parent Councils

All Parent Councils in South Lanarkshire are members of Connect, Scotland's national organisation for parent groups. Connect offers:

- Free training and advice for Parent Councils.
- Resources and guides to help parents support learning. · Insurance cover for Parent Council activities. Find out more at <https://www.connect.scot>.

# The Curriculum

Curriculum for Excellence is the name given to the new curriculum in Scotland for all children and young people aged 3-18. It is a forward looking, coherent, more flexible and enriched curriculum that provides young people with the knowledge, skills and attributes they will need if they are to flourish in life, learning and work, now and in the future.

The curriculum includes all of the experiences that are planned for children and young people to support the development of these skills, wherever they are being educated, for example in the family and community, pre-school centre, nursery and school. This broad, general education will allow them to become successful learners, confident individuals, responsible citizens and effective contributors to life in the 21<sup>st</sup> century.

In taking this forward our school will work closely with South Lanarkshire Education Resources and other services to enable Curriculum for Excellence to be fully embedded, ensuring the best possible education for all children and young people. We wish you to feel confident that your child is encouraged and supported to develop their literacy, numeracy and other skills whilst they attend our school. The curriculum areas are as follows:

- Expressive Arts
- Languages and literacy
- Health and wellbeing
- Mathematics and numeracy
- Religious and moral education
- Science
- Social studies
- Technologies

If you want to know more about Curriculum for Excellence, please visit [Scotland's Curriculum for Excellence \(scotlandscurriculum.scot\)](http://scotlandscurriculum.scot)

Our learning and teaching activities are based on the outcomes and experiences in the guidelines that all schools have for Curriculum for Excellence.

### **Spiritual, social, moral and cultural values (religious observance)**

In line with Curriculum for Excellence and South Lanarkshire Council Policy the programme of study in Canberra involves the children developing an understanding of the customs and beliefs of four world religions: Christianity, Judaism, Islam and Buddhism. The children also explore moral values and the recognition that some people do not have any religious belief.

Scottish Government Ministers consider that religious observance complements religious education and is an important contribution to pupils' development. It should also have a role in promoting the ethos of the school by bringing pupils together and creating a sense of community.

There is a statutory provision for parents to withdraw children from participation in religious observance. This right of parents' wishes will be respected. Parents who wish their child to be exempt from all or part of the Religious Education programme will be invited to discuss the matter with the Head Teacher. If after discussion, parents/guardians still require withdrawal, the request should be put in writing.

Where a child is withdrawn from religious observance, schools will make suitable arrangements for the child to participate in a worthwhile alternative activity.

### **Equalities**

Integral to this guidance is the principle of mutual respect. The diversity of belief and tradition provides an ideal context in which pupils can learn about, and so learn from, what is important in the lives of themselves and others. South Lanarkshire's guidance recognises and welcomes diversity and promotes respectful understanding.

Parents may request that their children be permitted to be absent in order to celebrate recognised religious events. Advance notice should be provided to the school when children will be absent. Appropriate requests will be granted and the pupil noted as an authorised absentee on the register.

## Assessing and Tracking Progress

Continuous assessments are made of every child's progress throughout the school session. Teacher observation of the child at work combined with the results of any classroom based and school based assessment procedures gives a very full picture of the child's progress.

On entry to nursery our families are given the opportunity to pass on important and relevant information to help us challenge and support each individual child. The interests and developmental milestones of children are used in a responsive way to assist the staff in planning for learning. Targets are set with children and their parent/carer in an ongoing way as they are achieved to ensure that children make progress at an appropriate pace.

To support our new Primary 1 children, we use the transition information gathered during nursery visits and through the Nursery transition document, to give us a starting point for learning and teaching in Primary 1. In December, March and June we carry out phonological awareness screening which provides valuable information about children's progress in reading, spelling and phonological awareness.

Standardised assessments are completed at key points throughout the year and combined with teacher professional judgements assist teachers in ensuring appropriate challenge and support for individual pupils and groups of children.

### **Standardised assessment calendar for 2025-26:**

August/September 2026 – Spelling P2-7

August/September 2026 – Sight reading P3-7

May 2027 – QUEST reading & mathematics P2

May 2027 – Reading Comprehension P3, 5 & 6

May 2027 – Mathematics P3, 5 & 6

May 2027 – Scottish National Survey of Attainment (Literacy & Numeracy) P1, 4 & 7

Children's progress is tracked and monitored throughout the school year with interventions to support or challenge individuals and groups being implemented as they are required. Full records of the child's progress and the results of any standardised assessments are kept and these are available to parents. Full reports are issued annually and opportunities to discuss these with the class teacher are made.

Where a teacher finds that a child's progress is causing some concern, the parent may be invited to the school to discuss the issues.

**If, as a parent, you have specific concerns about your child's progress do not hesitate to contact Mrs Gourlay.** An appointment to see the Mrs Gourlay will be made for you as quickly as possible.

# Reporting

Reporting will be ongoing and is comprised of a range of activities, which can include children presenting their learning; newsletters; on-going oral discussions.

We will provide parents with reports so that you can see what your child is doing and how they are progressing. In addition, there will be parents' meetings, which offer you the opportunity to discuss how your child is progressing, receiving support and advice as required. The school will offer you an appointment time so that you can visit in person to discuss your child's education.

Our learner reports' will help you to get to know more about the curriculum which each child follows and will describe their strengths, achievements and areas for development so you know what encouragement and support you can give.

We welcome any comments or additional information from parents to help us provide the best possible education for your child.

# Enrolment and Transitions

## Enrolment – how to register your child for school.

To register your child for school you should complete our online registration form. This can be done using the South Lanarkshire website.

[www.southlanarkshire.gov.uk/info/200186/primary\\_school\\_information/392/enrolling\\_your\\_child\\_for\\_school](http://www.southlanarkshire.gov.uk/info/200186/primary_school_information/392/enrolling_your_child_for_school)

If you have any difficulty in identifying your catchment school, please email [Edsuppserv.helpline@southlanarkshire.gov.uk](mailto:Edsuppserv.helpline@southlanarkshire.gov.uk)

The online registration form will ask you to provide each child's full birth certificate and two pieces of recent official documentation both containing your permanent home address for example a utility bill, council tax statement, housing rent card, child benefit documentation.

Proof of where the child lives may also be needed.

If your child is due to start school in August 2026, you can enrol online from Monday 5 January 2026. Your catchment school will contact you between Monday 12 and Friday 16 January 2026 to confirm your enrolment.

If your child attends the nursery of your catchment school, please do not assume that they will automatically be transferred. You must register them as normal at the school that is in the catchment area for your home address

If parents want their child to go to another school, they must enrol in the first instance with their catchment school and intimate that they wish to make a placing request. An online placing request form should then be completed. This is available from the SLC website – [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk) or by contacting [edsuppserv.helpline@southlanarkshire.gov.uk](mailto:edsuppserv.helpline@southlanarkshire.gov.uk) or phone 0303 123 1023.

## Change of School/Placing Request

Normally children attend the school in their catchment area. However, there are times when parents may wish their children to go to other schools. If you wish your child to go to another school, then you may make what is known as a 'placing request'. If you live in South Lanarkshire and decide to submit a 'placing request', we are unable to reserve a place in your catchment school until the Council have made a decision on the 'placing request'. Please note if your 'placing request' application is unsuccessful and all places at your catchment school are filled you will be offered a place at the next nearest appropriate South Lanarkshire School.

Please note that if an application for a 'placing request' is successful then school transport is not provided.

If you move outwith your catchment primary school a 'request to remain form' must be completed. If you move outwith your catchment primary, this may affect your right to transfer to the associated Secondary School. Please note the secondary school is determined by the pupil's permanent home address and chosen denomination. If you require further information, please contact Education Support Services on [edsuppserv.helpline@southlanarkshire.gov.uk](mailto:edsuppserv.helpline@southlanarkshire.gov.uk) or **0303 123 1023**.

## Transition from primary to secondary school

Pupils normally transfer from primary to secondary school between the ages of 11½ and 12½, so that they will have the opportunity to complete at least 4 years of secondary education. Arrangements are made by the school to transfer children to the associated secondary school as determined by their home address. Parents of P7 children will be informed of the transfer arrangements made for their child to attend secondary school.

We will also provide you with information at this time on events designed to support P7 children before they move on to secondary school.

# Support for pupils

## Getting it right for every child.

Getting it right for every child (GIRFEC) supports families by making sure children and young people can receive the right help, at the right time, from the right people. The aim is to help them to grow up feeling loved, safe and respected so that they can realise their full potential.

Most children and young people get all the help and support they need from their parent(s), wider family and community but sometimes, perhaps unexpectedly, they may need a bit of extra help. GIRFEC is a way for families to work in partnership with people who can support them, such as teachers.

If you have any concerns about your child's wellbeing, you can speak to the named person who will work with you to provide support and decide how to move forward. Your school will let you know who this is. It is likely to be the Head Teacher in a primary school and a principal teacher (pupil support) in Secondary.

More information can be found on:

[www.scotland.gov.uk/gettingitright](http://www.scotland.gov.uk/gettingitright)

## Support for All (Additional Support Needs)

Teachers and other staff continuously assess pupil progress throughout the year and we formally track and monitor pupil progress 3 times a year. Both of these processes allow us to quickly identify children's strengths and development needs. This allows us to ensure that interventions are put in place at the earliest possible opportunity.

We use the South Lanarkshire council Staged Intervention process, which is a tiered system (Stage 1-4) to track pupil need and the interventions implemented. This allows us to plan for and evaluate the success of interventions in securing progress for an individual child and guides access to escalated supports if required.

The Staged Intervention process is as follows:

Stage 1- Supports implemented in class as part of normal day to day learning experiences e.g. use of a number square, 1-1 reading with a child

Stage 2 – Supports implemented in school by an adult who implements specific interventions, which are not part of the normal day to day learning experiences e.g. Nurture, Catch Up Literacy

Stage 3 – Supports from with Education that are targeted and not part of the normal day to day classroom learning experiences e.g. working with the Specialist Support Teacher

Stage 4 – Support from other agencies or 3rd party groups e.g. Speech and Language Therapy

Where children have difficulties in literacy which require targeted support a Literacy Framework plan will be created. This allows the teacher in liaison with the Additional Support Needs coordinator (Mrs Gourlay, PT) to create a plan of literacy interventions which are evaluated and amended termly.

Where children, who are not yet on track with their learning, work in a group with other children attaining similar levels, learning will be differentiated and a plan for the group will be made through the teacher's weekly plan. This may lead to a Stage 1, Stage 2 or Stage 3 intervention plan being put in place depending on the supports put in place. These supports are reviewed during the tracking and monitoring period and amended/removed as required.

An additional support plan (ASP) will be created for a child who is not on track and works independently because there is no one else attaining the same level as them or if a child has specific wellbeing need that requires targeted support. This plan will be created in consultation with the child and their parent/carers and is evaluated termly by all concerned. SMART targets are written and

amended as the child makes progress. The plan details which interventions will be put in place and who has responsibility for delivering these. An additional support plan can be written for literacy, numeracy and health & wellbeing. ASPs can be written for children in nursery or school.

South Lanarkshire Education Resources have published a series of leaflets available which cover information for parents and carers about the Additional Support for Learning Acts.

Enquire is funded by the Scottish Government to provide information on the framework for supporting children who require additional support for learning and to encourage positive partnerships between families, schools, and local authorities to ensure children get the right support.

## **Attachment Strategy for Education Resources**

### **Attachment – what we do to support children and young people**

South Lanarkshire Council Education Resources is committed to improving outcomes for children and young people by creating emotionally supportive learning experiences in our nurseries and schools.

The Education Resources Attachment Strategy supports the action in the 'Getting it Right for Every Child in South Lanarkshire's Children Services Plan 2021-23', following the launch of the Attachment Strategy in 2020, to provide staff training in Attachment and Trauma based practice.

#### ***What does it set out to do?***

The aim of the strategy is to promote better experiences of attachment for South Lanarkshire's children and young people and to ensure that all education practitioners understand the importance of attachment theory and its application and how positive relationships can make a difference to outcomes.

#### ***How can I find out more?***

South Lanarkshire Council Education Resources have published a series of leaflets and posters for establishments and for parents/carers which aim to share information on attachment theory and on how this informs the ways in which we support children and young people.

These are available in schools and on the SLC Staff Learning Centre Sway accessible by teachers and staff.

### **Promoting Positive Relationships and Understanding Distressed Behaviour (PPRUDB)**

PPRUDB is South Lanarkshire's framework for understanding and managing behaviour in schools. It emphasises that all behaviour is a form of communication, often indicating unmet needs, and stresses the importance of building positive relationships as a fundamental skill for teachers and a preventive approach to distressed behaviour. The guidance aligns with key Scottish Government policies and legislation and supports the development of safe, inclusive, and nurturing school environments.

Children and young people who feel safe, healthy, respected, and included are more likely to develop self-confidence and resilience. South Lanarkshire Council's attachment-informed, trauma-sensitive approach, aims to create a secure base and safe haven to reduce the impact of adverse childhood experiences. School staff recognise that distressed behaviour can stem from disrupted attachment, anxiety, and other complex needs, including neurodevelopmental conditions and limited communication skills.

When incidents of distressed behaviour arise in schools, staff will use a range of strategies to de-escalate situations and prevent re-occurrence. Strategies include structuring the environment with consistent routines and quiet areas, adapting communication to accommodate speech and sensory needs, and building positive relationships based on shared values. Setting clear limits with dignity, active listening, and inclusive teaching practices support behaviour management. Planning for transitions and using support plans like Additional Support Plans (ASPs) and Behaviour Assessment and Support Plans (BASPs) assist in addressing individual needs.

Each educational establishment should use the PPRUDB framework to develop and implement a relationships and behaviour policy through consultation with staff, pupils, and parents, reviewing it every three years.

Further information is available from the Headteacher of the establishment your child attends.

## School improvement

The School Improvement Plan is the vehicle for school improvement. This is what drives forward school priorities and continuous improvement. Our Improvement Plan is a joint nursery and school plan.

Details on the main achievements of the school over the last 12 months, how the school has improved standards for pupils in relation to literacy, numeracy and health and wellbeing and the plans for future improvement can be found in the Standards & Qualities Report and School Improvement Plan. (Please ask the School Office for a copy or visit our website [www.canberra-pri.s-lanark.sch.uk](http://www.canberra-pri.s-lanark.sch.uk) should you wish to read more)

### Our Improvement Priorities for 2025-26

- To develop high quality teaching and learning in all curricular areas and with a particular focus on science, play-based approaches and skills which take account of sustainability and embed literacy, numeracy and HWB across the curriculum.
- To further develop high quality teaching and learning in literacy and numeracy which focuses on raising attainment and Closing the Gap for P1-7.
- To improve children's development and learning physically, emotionally and intellectually.
- Learning Community plan: To enhance children's wellbeing through the provision of high-quality transition experiences Nursery-P1 and P7-S1
- The plans for future improvement of the school's performance over a 3-year cycle, including the school's plans to involve parents in that future improvement, e.g. Participatory Budgeting is an example of how parents/carers can express their views on school spending plans.
- The use of funding to support pupil equity.

We endeavour to involve parents and children; both in our self-evaluation process and in moving our improvement plan forward. We do this in a range of ways including asking Parents/carers opinion on school development and consulting with the Parent Council. From time to time we seek the views of all parents by asking them to fill in surveys. Pupils both consult on and help us evaluate improvements.

## School policies and practical information

### Nursery

All children (over two years old) attending a local authority nursery will be provided with a free lunch.

Nursery lunches and snacks are based on nutritional requirements from the NHS "Setting the Table" guidance.

Nursery age children will also receive milk and a healthy snack free of charge under the Milk and Healthy Snack scheme 2021. This will be provided by the establishment.

Healthy eating is something that the school supports and a range of meals are available at lunchtime that meet the Nutritional Requirements for Food and Drink in Schools (Scotland) Regulations 2020

### Primary pupils

Healthy eating is something that the school supports, and a range of meals are available at lunchtime that meet the Nutritional Requirements for Food and Drink in Schools (Scotland) Regulations 2020

All primary schools run a Breakfast service from 8.15am to 8.45am with pupils being offered a selection of toast, cereal or fruit along with a cup of milk.

For their lunch each day pupils have the option to choose from two hot meal options (one being vegetarian option) plus a sandwich selection every day. All meals also come with fresh chilled drinking water, vegetable choice, salad selection, seasonal fruit and depending on the day - soup or a dessert.

Milk will be available for those pupils entitled to free school meals through the free school meal eligibility scheme at morning break or lunchtime.

Pupils in:

Primary 1 - 5 receive a free school lunch.

Primary 6 - 7 meal cost is £2.62

School lunches and milk can be paid for through your Parentpay account or Paypoint facilities in local shops.

**NB** School Meal prices are reviewed annually and may be subject to change

### **Adapted diets**

If your child within Nursery, Primary or Secondary requires an adapted diet for medical reasons please speak to the school/nursery office who will provide the request form for you to complete. In addition, if you have a halal or vegan diet request for your child, please speak to the school office who will provide you with a request form.

### **Free School Meals**

Children of parents who receive the following benefits are entitled to a free lunchtime meal for their child:

- Income Support
- Income-based Job Seeker's Allowance
- Income-based Employment and Support Allowance
- Scottish Child Payment (P6 and P7 pupils)
- Support under Part VI of the Immigration and Asylum Act 1999
- Universal Credit (and your earned income is less than £850 as assessed by the Department for Work and Pensions in the assessment period immediately preceding the application for free school meals).

If you are in receipt of Housing Benefit and/or Council Tax Reduction from us there is no need for you to apply online, we will use the information we hold to automatically award free school meals (P6 to S6) and/or school clothing grants (P1 to S6) to eligible families.

We would encourage parents of children who are in receipt of any of the above benefits to take up this opportunity of having a meal provided for their child when they are at school. Arrangements are in place to ensure anonymity is protected of children who receive free meals and we encourage all children to remain in school at lunch time.

Further information can be found at Free school meals - South Lanarkshire Council or by accessing the QR below -

South Lanarkshire Council also offers a free Breakfast service. The service runs from 8.15am to 8.45am each school day.

## **School uniform**

We ask all parents/carers to support the school by encouraging your child(ren) to adhere to the agreed dress code and the wearing of our school uniform. The wearing of a school uniform helps promote the identity of the school in the local community and helps create an ethos of sharing and pride in the school.

In addition, the wearing of a uniform helps towards increasing the protection of all pupils. The wearing of a uniform helps staff and the pupils to distinguish between who belongs to the school and those who may be visitors. This enables staff to approach and identify visitors more readily and helps in trying to offer a safer environment for pupils and teachers alike.

Equality of opportunity is an important aspect of the life of the school. Any proposals on the dress code and on what constitutes the school uniform will be the subject of discussion with the Parent Council and where appropriate consultation with parents, pupils and staff.

There are forms of dress which are unacceptable in all schools such as:  
the wearing of football colours

- clothing with slogans that may cause offence (anti-religious, symbolism or political slogans)
- clothing which advertises alcohol, tobacco, or drugs
- clothing which can be deemed unsuitable in terms of health and safety grounds such as shell suits, combat style clothing, dangling earrings, loose fitting clothes particularly in practical classes.
- articles of clothing that could be deemed to inflict damage on other pupils or be used by others to do so.
- footwear that may damage flooring.

## **Allergies**

Many children in our schools have allergies, and it is crucial for parents to keep the school informed about these conditions.

### **Health Care Plans**

- Allergies can manifest at any time with symptoms ranging from mild to severe.
- Children with moderate to severe allergies often have a Health Care Plan from the NHS, detailing symptoms and interventions.
- Parents must share this plan with the school and provide updates as necessary.

### **Mild Symptoms**

- Even without a Health Care Plan, parents should regularly update the school on any new triggers, medications, or actions required.

### **Employee Training**

- School staff need to know your child's symptoms, treatments, and actions required to prevent exposure and minimise the risk of reactions.
- Employees receive training on allergies and will consult with parents and the NHS for any additional specialist training needed.

### **Policy Adherence**

- In supporting children and young people with allergies, school staff will follow South Lanarkshire Council's Safe Systems of Work, risk assessment process, and national guidance on the administration of medicines.

## Mobile Device Policy

Our school follows South Lanarkshire Council guidance on mobile device use, which is rooted in Scottish Government policy. Mobile technology can support learning and communication, but it can also disrupt lessons and affect wellbeing if misused. To maintain a safe, respectful, and inclusive learning environment, pupils are expected to use mobile devices responsibly and in line with school rules.

Devices should not be used during class unless specifically permitted for learning purposes.

The policy has been developed in consultation with pupils, parents, and staff to balance the benefits of technology with the need to minimise distractions and protect privacy. We ask parents to support this approach by reinforcing responsible use at home and ensuring that devices are used appropriately.

## Support for parent/carers

### Clothing grant

In certain circumstances the Council provides support to parents/carers for the purchase of school wear. This also now includes nursery children aged 3 and 4 years old.

Eligibility criteria and online applications can be found online at [www.southlanarkshire.gov.uk](http://www.southlanarkshire.gov.uk). Or via this link [Clothing grants - South Lanarkshire Council](#). Should you require further information, or you are unable to submit an application online then please contact the helpline number 0303 123 1011 (option 5).

# Transport

### School transport

South Lanarkshire Council's mainstream school transport policy provides transport for primary school pupils who live one mile or more from their catchment primary school by the shortest safe walking route.

More details on school transport can be found at the following link including the online application form:

[https://www.southlanarkshire.gov.uk/info/200186/primary\\_school\\_information/545/school\\_transport](https://www.southlanarkshire.gov.uk/info/200186/primary_school_information/545/school_transport)

If you consider your child to be eligible you should complete the online application form. Forms should be submitted before the end of March for those pupils starting school in August to enable the appropriate arrangements to be made.

A privilege transport scheme is operated on mainstream school contracts where a pupil is not entitled to school transport. Privilege Transport will only be provided where there is a space on an existing school contract and will be from and to designated pick-up and drop-off points. It will not be provided where a service bus is used on the school run. Any spare capacity will be allocated using agreed priorities.

A new application must be made each year.

More details on Privilege school transport may be found here:

[https://www.southlanarkshire.gov.uk/info/200186/primary\\_school\\_information/784/privilege\\_transport\\_to\\_school](https://www.southlanarkshire.gov.uk/info/200186/primary_school_information/784/privilege_transport_to_school)

### Pick-up points

Where school transport is provided it may be necessary for pupils to walk a certain distance to the vehicle pick-up point. Walking distance in total, including the distance from home to the pick-up point and from the drop-off point to the school in any one direction, will not exceed the authority's distance limit for school transport.

It should be noted that it is the parent's responsibility to ensure their child behaves in a safe and acceptable manner while travelling in and alighting from the vehicle.

Misbehaviour can result in your child losing the right to school transport.

Parents are asked to note that South Lanarkshire Council does not provide transport for those pupils who attend school via a placing request.

### **Insurance for Pupils' Personal Effects**

South Lanarkshire Council has noted an increase in claims for loss or damage to pupils' clothing and personal effects. Please be aware of the Council's insurance policy regarding pupils' personal items:

### **Insurance for Pupils' Personal Belongings**

#### **Personal Items**

- The Council cannot accept responsibility for the loss or theft of personal belongings, including mobile phones, tablets, or other valuables. These are brought to school at the pupil's and parents' own risk.
- To reduce the chance of loss, please avoid sending expensive or unnecessary items to school.
- School staff are not permitted to look after pupils' personal belongings.
- This policy also applies to musical instruments and equipment used for school activities. If these items are left at school, it is at the pupil's and parents' own risk.
- For valuable items such as musical instruments, parents should make sure they are covered by their own household insurance.

#### **Clothing**

- The Council will only consider claims for damage to pupils' clothing if the damage was caused by negligence on the part of the Council or its employees.
- Claims for any other reason cannot be accepted by the Council's insurers.

### **Promoting positive behaviour**

It is the responsibility of staff within the school to ensure that parent council members, parents and pupils are involved in the creation of a positive school ethos that encourages good behaviour. Equally, the school whilst trying to promote positive behaviour must support young people should incidents or bullying occur. Parents have a significant role to play in working with the school so that teachers, parents and pupils know what is expected of them in trying to change the behaviour and attitudes that contribute to bullying behaviour.

Our approach is to create an environment where better behaviour will encourage better learning. The school, along with the support of parents, can work together to create a learning environment which young people can enjoy and feel safe.

Incidents of bullying should be reported to the school immediately so that each alleged incident can be looked at. Together we can work towards creating a safer school for children and staff.

In addition, a guideline (Promoting Positive Relationships and Behaviour) has been produced to support all teaching and support staff and inform them of their roles and responsibilities in respect of dealing with the small number of children and young people who display challenging behaviour. Early identification is crucial so that intervention can be provided to support children and young people to help them address their issues and concerns. Staff training is provided to help develop the skills needed to respond to and manage challenging behaviour. A wide range of appropriate staff development opportunities has been developed for this purpose.

### **Child Protection**

All staff in educational establishments in South Lanarkshire Council receive an annual Child Protection update and are required to follow the advice and guidance contained within relevant Education Operating Procedures. They must also complete a mandatory Learn on Line Course "Child Protection in Education".

South Lanarkshire's children's services partnership works together to support children, young people, and their families so that children grow up in communities where they are safe, healthy,

active, achieving, respected, responsible and included, and have the opportunity to achieve their full potential. They are committed to continuously improve our services to ensure children, young people and their families get the right support at the right time.

Sometimes children and young people need additional help to make sure that they are “*cared for and protected from abuse and harm in a safe environment in which their rights are respected*” (CPC South Lanarkshire Child Protection shared vision). The Child Protection Committee has the overarching responsibility to ensure that agencies individually and collectively work to protect children and young people as effectively as possible.

All staff have a responsibility to report any suspicions that a child has been abused or is at risk of harm, abuse, or neglect. Robust procedures and guidance are in place to support education staff to:

- be alert to signs that a child may be experiencing risks to their wellbeing,
- report concerns to the head of establishment or the child protection coordinator without delay.
- be actively engaged in support and protection and development of wellbeing.

If you would like more information, or have a concern of a child protection nature, please contact the head of the educational establishment which your child attends.

The Child Protection Committee’s website has a range of useful information for parents/carers to help them keep their children safe. [www.childprotectionsouthlanarkshire.org.uk](http://www.childprotectionsouthlanarkshire.org.uk)

### **Our Commitment to Children’s Rights**

In line with the United Nations Convention on the Rights of the Child (UNCRC), our school is committed to respecting and promoting every child’s rights. We believe that children have the right to express their views on matters that affect them, and we will actively listen and take these views into account when making decisions.

To achieve this, we will:

- Create opportunities for pupils to share their opinions through class discussions, pupil councils, and consultation activities.
- Ensure that decisions about school policies and practices consider the voice of the child.
- Promote an inclusive, rights-respecting environment where every child feels valued and heard.

This approach supports our aim to empower learners, strengthen partnerships with families, and uphold equality and participation for all.

# **General Data Protection Regulation as supplemented by the Data Protection Act 2018 (GDPR)**

Information on pupils, parents and guardians is held by the school to enable the teaching, registration, and assessment of pupils as well as associated administrative duties. The information is stored and used as per the requirements of the GDPR, with South Lanarkshire Council defined as the data controller. The Council have established a data protection policy that applies to all of its school.

Education Resources has also prepared a privacy notice (below) which sets out how we will deal with personal information as part of our statutory function as an education authority. For more information, please contact the school.

## **Privacy Notice**

### **Introduction**

In line with the General Data Protection Regulation (GDPR) we have produced this privacy notice to inform you how we deal with personal information as part of our statutory function as an education authority.

The Council has a legal obligation to deliver effective education services to children, young people, and adult learners in South Lanarkshire. In order to do this, we need to collect personal information about children, young people, and their families so that we can help them to learn and keep them safe.

### **Using your personal information**

The Council is a “controller” of the personal information you provide when enrolling for a nursery or school, applying for an education service, or participating in groups or activities provided by Education Resources.

### **Information we collect from you about you and your child at enrolment.**

When you enrol for a nursery or school, we ask for the following information:  
parent/carer contact details (name, address, phone, email).

the child's name, date of birth, gender, and address.

information about medical conditions, additional support needs, religion, and ethnicity.

any information you may wish to provide about family circumstances.

### **Information we collect at other times.**

We will also collect information at other times such as when you apply for a benefit, request a services or other support. We will provide an additional privacy notice at these times.

If you apply for an education service or benefit, such as school transport, free school meals, clothing grant, placing request or EMA, we will also ask for personal information as set out above. We will also ask for information about your income for education benefits applications.

If you make a request for additional support such as an educational psychologist or other support for learning, we will ask for more detailed information to allow us to provide the most appropriate support for your family. This may include information about family circumstances or medical conditions.

If there are concerns about your child's wellbeing and/or your child has needs that may require additional support, we will wish to work with you to collect and consider information to enable us to help you get the right support at the right time in line with the Getting it right for every child approach.

We require this information to ensure that children and young people are educated appropriately, supported, and that we take account of their health and wellbeing. We will also ask you to update this information annually and to tell us when there are changes to your details.

**Information that we collect from other sources.**

As an education authority and as part of our statutory function in accordance with our legal obligations, we receive information from other sources such as the SQA, the NHS or Social Work about you or your child, this includes:

exam results and assessment information.

information about health, wellbeing, or child protection.

**Why do we need this information?**

We need this information so the Council can ensure it is delivering education services appropriately to all learners:

for the education of children, young people and adult learners.

for teaching, enrolment, and assessment purposes and to monitor the educational progress of children, young people and adult learners;

to keep children and young people safe and provide guidance services in school;

to identify where additional support is needed to help children, young people and adult learners with their learning;

to maintain records of attendance, absence and behaviour of children and young people (including exclusions);

to support children and young people moving on each year from nursery to primary, primary to secondary and when they move or leave school;

to help us develop and improve education services provided for young people, adult learners, or families

In accordance with our legitimate interests as an education authority we will also use your information to create statistical reports.

**We will share your information with:**

As an education authority and as part of our statutory function in accordance with our legal obligations we will share information with other bodies or parts of the Council, including:

The Scottish Government and bodies such as Education Scotland, Scottish Qualifications Authority, Skills Development Scotland, and other organisations that support children and young people's learning.

Other parts of the Council when required for services such as school meals, school transport, education benefits and with Social work in connection with any child protection concerns we become aware of.

The NHS, to support health initiatives in accordance with the legal obligation on the Council in terms of section 39(3) of the National Health Service (Scotland) Act 1978.

South Lanarkshire Leisure and Culture Limited, where children and young people are participating in sports and leisure activities.

Other schools/local authorities – if a child moves or transfers to another school the Council has an obligation to pass on information with regards to pupil records to the new school/local authority.

You have the right to access your personal information as well as the rights of rectification, erasure, restriction, and the right to object. For information on these rights and how to exercise them or for information about how we manage your personal information, you can get a copy of our full privacy notice from our website:

([https://www.southlanarkshire.gov.uk/info/200235/meta/1730/general\\_privacy](https://www.southlanarkshire.gov.uk/info/200235/meta/1730/general_privacy)).

Our full privacy notice will also provide information on how to make a complaint or to request a paper copy of the privacy notice from the Data Protection Officer.
